BOOK SYNOPSIS

Democracy for Realists assails the romantic folk-theory at the heart of contemporary thinking about democratic politics and government, and offers a provocative alternative view grounded in the actual human nature of democratic citizens. Christopher Achen and Larry Bartels deploy a wealth of social-scientific evidence, including ingenious original analyses of topics ranging from abortion politics and budget deficits to the Great Depression and shark attacks, to show that the familiar ideal of thoughtful citizens steering the ship of state from the voting booth is fundamentally misguided. They demonstrate that voters—even those who are well informed and politically engaged—mostly choose parties and candidates on the basis of social identities and partisan loyalties, not political issues. They also show that voters adjust their policy views and even their perceptions of basic matters of fact to match those loyalties. When parties are roughly evenly matched, elections often turn on irrelevant or misleading considerations such as economic spurts or downturns beyond the incumbents control; the outcomes are essentially random. Thus, voters do not control the course of public policy, even indirectly. Achen and Bartels argue that democratic theory needs to be founded on identity groups and political parties, not on the preferences of individual voters. Democracy for Realists provides a powerful challenge to conventional thinking, pointing the way toward a fundamentally different understanding of the realities and potential of democratic government.

DEMOCRACY FOR REALISTS WHY ELECTIONS DO NOT PRODUCE RESPONSIVE GOVERNMENT PRINCETON STUDIES IN POLITICAL BEHAVIOR

- Are you looking for Ebook Democracy For Realists Why Elections Do Not Produce Responsive Government Princeton Studies In Political Behavior ? You will be glad to know that right now Democracy For Realists Why Elections Do Not Produce Responsive Government Princeton Studies In Political Behavior is available on our online library. With our online resources, you can find Applied Numerical Methods With Matlab Solution Manual 3rd Edition or just about any type of ebooks, for any type of product.

Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. Democracy For Realists Why Elections Do Not Produce Responsive Government Princeton Studies In Political Behavior may not make exciting reading, but Applied Numerical Methods With Matlab Solution Manual 3rd Edition is packed with valuable instructions, information and warnings. We also have many ebooks and user guide is also related with Democracy For Realists Why Elections Do Not Produce Responsive Government Princeton Studies In Political Behavior and many other ebooks.

We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with Democracy For Realists Why Elections Do Not Produce Responsive Government Princeton Studies In Political Behavior . To get started finding Democracy For Realists Why Elections Do Not Produce Responsive Government Princeton Studies In Political Behavior , you are right to find our website which has a comprehensive collection of manuals listed.
